

FOUNDATIONS NEURODEVELOPMENT

Pediatric Therapy Intensive Program

A focused, multidisciplinary therapy program designed to support foundational development during the early years.

- Multidisciplinary sessions by design; not separate therapies scheduled back-to-back
- Individualized planning before the week begins
- Therapists who specialize in early foundational development
- Regulation-centered pacing to support engagement and prevent overwhelm
- A team that communicates and adjusts in real time

Program Structure

- 1 60-Minute Planning Session**
 - 60-minute collaborative session
 - Therapy team aligns and builds your child's plan
- 2 Intensive Therapy Week: Monday–Friday, 5 sessions**
 - Daily co-treatment
 - 60–90 minutes per day
 - Structured to support engagement and regulation

Program Pricing

1 Week Intensive
\$2,200

2 Week Intensive
\$4,000

ENROLL TODAY

If you've been considering more focused support, this is the time. Let's create a plan that supports lasting development.
